It's a breath of fresh air to walk into a repair shop and feel right away that I'm getting a fair and reasonable assessment of my vehicle. The staff is patient and accommodating. They had my vehicle back to me the next day even with multiple repairs and adjustments my car needed. Overall I would recommend this shop to anyone who asked and my appreciation is endless!

Great Service as always...Thank You! We brought our 2002, Jetta Volkswagen in for an oil change and a problem with our engine light coming on and staying on when driving. Preston called mid-day to fill us in about the engine light and what parts would be needed to fix the problem here, in-

cluding cost and all. It had to do with an oxygen sensor to be replaced etc. One part wasn't readily available in the shop that day and had to be ordered ...so, our Jetta was kept overnight at DuFresne's. Of all days, this was also the day when the big snow-storm had set in at night. Well, our Jetta got a little longer vacation at DuFresne's during that week. Thank You! In any case, Preston went out of his way to get the part here to the shop, after the storm had past and roads were clear again to drive on. All things considered; the work requested was still done in a timely manner and for a reasonable price. We never have any problem coming back to DuFresne's with all of our cars...we are always served well here!

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is medium.

Voted one of the “best 50 events in Oregon”, Bricks Cascade™ has something for the whole family, including hundreds of amazing LEGO® creations on display, various opportunities to build and play, and several specialty vendors. 2023 will be their 11th year in operation with hundreds of builders bringing their original LEGO®-based models for your viewing pleasure!

What was LEGO originally called? Automatic Binding Bricks

In 1949 Lego began producing, among other new products, an early version of the now familiar interlocking bricks, calling them "Automatic Binding Bricks". These bricks were based on the Kiddicraft Self-Locking Bricks, which had been patented in the United Kingdom in 1939 and released in 1947

Fun Fact

The month of May was named for Maia, the Greek goddess of fertility. In any given year, no month ever begins or ends on the same day of the week as May does. May was once considered a bad luck month to get married. There is a poem that says "Marry in May and you'll rue the day."

36th Annual Portland Cinco de Mayo Fiesta Returns to the Waterfront May 5-7th, 2023

Oregon's Largest Multicultural Festival is back. The Portland Guadalajara Sister City Association (PGSCA) and Treadway Events presents the 36th annual Portland Cinco de Mayo Fiesta on May 5th, 6th & 7th, 2023, at the beautiful Tom McCall Waterfront Park in downtown Portland, Oregon. The bilingual event will be open between 11 am and 11 pm daily with special attractions and featured performances. Top entertainment includes the internationally acclaimed Mariachi Ciudad de Guadalajara, direct from the city of Guadalajara, to Oregon's very own Ballet Folklórico México en La Piel. Tom McCall Waterfront Park will be filled with delicious food, drinks, and desserts, from over 30 vendors serving authentic Mexican flavors and other regional specialties.
