Moved recently to OR, and was trying to find an auto repair shop to service my Jeep. So thankful I found Du Fresnes Auto Repair! I was due for maintenance service based on my mileage which required a part that needed to be replaced. They made a call, and the part arrived in 10 minutes!! My car was serviced, and everything was completed in a little over an hour, approximately 80 minutes! Customer service was outstanding! Every employee I interacted with was so friendly, knowledgeable, professional, and answered all of my many questions. Im very grateful that I found Du Fresnes, and now I have finally have a permanent auto shop to bring my Jeep to.

I appreciate the notifications when services are due for my vehicle. Scheduling a date & time was easy for a routine maintenance and when I requested an additional service to be done at the same time, the necessary parts were ordered and ready for installation. The service requested was done in timely manner.

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

Route 66 is widely celebrated as the first major highway to be completely paved across its entire

Mother Road is celebrating its 100th anniversary!

Route 66 spans 2,278 miles from Chicago, Illinois, to Santa Monica, California. Originally established in 1926, the legendary "Mother Road" is celebrating its 100th anniversary. Today, roughly 85% of the original alignment is still drivable, allowing travelers to explore nostalgic motels, diners, and quirky roadside attractions.

The Path: The road crosses eight states and three time zones: Illinois, Missouri, Kansas, Oklahoma, Texas, New Mexico, Arizona, and California. Shortest State: Kansas boasts the shortest segment at exactly 13 miles. Longest State: New Mexico holds the longest section at 392 miles. The Symbolic Anchors: The road formally begins at Navy Pier in Chicago.

Route 66 is as timeless as Marilyn Monroe. What else was going on when U. S. Highway was commissioned in 1926?

Well, Marilyn Monroe and Andy Griffith were born, Al Capone was at the height of his 'career', and Annie Oakley and Harry Houdini died. In that year the Kelly Blue Book and the Children's book Winnie-the-Pooh were first published, television was first demonstrated to the public, high school students first sat for the dreaded SAT, and it was also the year that Ford announced a 40 hour work week. Today, you can stay in the Marilyn Monroe Room at the El Trovatore Motel, built in 1939.
