## *Slow Driving*

There was this car that was driving very slowly down the highway. A state trooper pulled it over.

"What did I do wrong, officer?" the driver asked.

"You were going 26 MPH on a major highway, there is a law against that. You must go at least 50 MPH."

"But when I got onto the highway, the sign said 26."

"That is because this is Interstate 26. The 26 isn't the speed limit, replied the officer."

The driver leaned back into her car seat and the police officer saw another woman sitting beside her looking as pale as a ghost.

"What happened to her?" the officer asked.

"I don't know, but she has been that way ever since we got off interstate 160."

## *10 Fun Car Facts*

Do you know what the world record is for the furthest toss of a Wellington boot? Yeah. Me neither. But here are 10 fun car facts that we can know together.

1. Cars were seen as the “green” alternative of transportation in the early 20th century because horses were causing so much pollution with their poop. Something smells a bit stinky about this fact...
2. The Honda CR-V originally came with a picnic table.
3. Because Honda really knows how to pile on those must-have features.
4. The Ford GT broke the crushing machine used in the “roof crush” safety test because it’s so strong. FORD GT SMASH!
5. In Russia, it’s a criminal offense to drive around in a dirty car. Even when the dirt is as pretty as a picture.

6. 75% of cars that Rolls-Royce has ever produced are still on the road today. They should call it Olds-Royce. LOL
7. If you want to travel to the moon, it would take less than 6 months if you drive at 60 mph. To the moon, Alice! To the moon!
8. The “new car smell” is composed of over 50 volatile organic compounds - none of which are toxic. New car smell won’t kill you! Yay!
9. The first car accident occurred in 1891 in Ohio. Who knew?
10. The average American spends about 38 hours a year stuck in traffic. So make sure you know how to deal with traffic stress!
11. In Los Angeles, there are more cars than people. And I’m sure there are more face lifts than cars...but don’t quote me on that! :)

## CRISPY BAKED SHRIMP SCAMPI

### INGREDIENTS

2 LBS Shrimp peeled  
2 T Lemon juice  
2 T White Wine (optional)  
1 Shallot, minced  
1/3 C Melted Butter, divided  
Salt and Pepper

1/3 C Panko Bread crumbs

2tbs grated Parmesan Cheese  
1/2 tsp crushed red pepper flake  
1/4 Cup Fresh Parsley chopped  
Lemon wedge to garnish

1. Heat Oven to 425f. In a oven– proof baking dish, combine the shrimp, lemon, juice, white wine, shallots, 2tbs of melted butter, 1 tsp salt and 1/4 tsp pepper. Mix well until the shrimp are evenly coated. Set aside.
2. In a small bowl, combine the remaining melted butter, bread crumbs, garlic, parmesan cheese, red pepper flakes and 2tbs of chopped parsley. Mix Well.
