Sweet Dreams

There was a couple sleeping. The wife had a bad dream that made her wake up scared and crying.

Her husband tried comforting her and asked why she was crying.

She replied: "I had a dream that a very rich and handsome man kidnapped me from you."

The husband replied: "It's ok honey, it was just a dream."

The wife responded loudly: "That's why I'm crying."

WOW... What A Testimony!

Mike And Janet Kochanowski:

"We've been bringing our cars to Du Fresne's for years. Preston was very helpful and upfront about what needed to be done and the cost. He was happy to show me where the issue was on my car. They had a loaner vehicle available, which made it very convenient to bring in my car."

Miley Flowers: "Du Fresne's always takes good care of my car and me (thanks for the coffee!). I trust them without question and they're reasonable in their pricing."

Claudia & Enrique Acosta: "Great job, fast and courteous."

Candy Schlicke: "Very thorough assessment completed of the car. Job well done. They are personable and

helpful. I would recommend them to anyone. Thank you for your help DuFresnes Auto Repair."

Adam: "I have front and rear brakes replaced. We decided to flush brake fluid and ran into some issues. They stuck with it until it was resolved. Good service."

Myrtle Carr: "Excellent service, as is my experience every visit. Thanks for your good service."

Norma Rottman: "Great service and very friendly staff. Always makes you feel like you can trust them with your car repairs. And indeed you can."

Brian Holloway: "The diagnosis was what I expected, you stayed within the estimated cost, and there were no surprises when I drove the car. To me,

that is all a customer can ask for. Also, I appreciate you NOT doing a 1000 point inspection to tell me about all the things I didn't ask you to fix. (I already know about the power steering leak)."

Randy And Cindy Hudson: "We took two cars in this month to get the benefit of a free brake inspection in exchange for a donation of food for the Oregon Food Bank. One needed two brakes replaced plus some additional work, the other didn't. In both cases, we were confident that we could trust DuFresne's to accurately identify problems if they existed and do the work needed. The bonus? Everyone at the company is friendly!"

Snow Boots For Your Vehicle

Winter tires are like snow boots for your vehicle. They are made to withstand the cold and grip snowy, slippery surfaces. If you commute in extreme winter weather (snow, sleet, ice) or if temperatures in your area often dip below 42 degrees, then you might wish to consider springing for a set of winter tires.

Cold and changing temperatures decrease the elasticity of the rubber of all-season tires, which reduces traction. Here are four things you need to know about winter wheels:

1. Winter wheels grip the road better since their rubber stays flexible in the cold for extra traction. Their tiny cuts (sipes) add “biting edges” that help the rubber stick to snow for a better grip.
2. They are customized for your climate. There are lots of choices when it comes to tires. Some are best for rainy highways, others for snowy, less-plowed roads.
3. Buy four (not two). All tires and rims should be the same or similar models for balance purposes. Even all-wheel-drive SUV’s need winter tires and AWD is futile if tires have poor grip.
4. Put the winter tires away for the summer. Place clean, dry wheels in an airtight bag to protect their rubber from sunlight and moisture; which can weaken them.

If A Dog Was Your Teacher

If a dog was your teacher, these are some of the lessons you might learn...

When loved ones come home, always run to greet them.
Never pass up the opportunity to go for a joyride.
Allow the experience of fresh air and the wind in your face to be pure joy.

When it's in your best interest, practice obedience.
Let others know when they've invaded your territory.
Take naps and stretch before rising.
Run romp and play daily.

Thrive on attention and let people get close to you.
Avoid biting, when a simple growl will do.
On warm days stop to lie on your back on the grass.
On hot days drink lots of water and lay under a shady tree.
When you're happy dance around and wag your entire body.

No matter how often you're scolded, don't buy into the guilt thing and pout. Instead run right back and make friends.

Delight in the simple joy of a long walk.
Eat with gusto and enthusiasm.
Stop when you have had enough.
Be loyal.
Never pretend to be something you're not.

If what you want lies buried, dig until you find it.
When someone is having a bad day, be silent....sit close by...and nuzzle them gently.
