PORTLAND WINTER LIGHTS FESTIVAL FEB 3RD-11TH

For a few nights each year, the Portland Winter Light Festival transforms the City of Roses into a city of lights. Designed to bring light to the wintry darkness, this free festival returns every winter season with imaginative works that combine light and technology to create interactive experiences

Thank You For The Kind Words

Erin Sackett

They took really good care of my 2007 Prius! Staff was super nice and even offered me their loaner car to use, free of charge. They're ordering a new espresso machine in at the moment, but they also offered me a complimentary tea or drink. I'll definitely have to pop in and try their espresso at some point as well. My car was having light issues. I've had other places just immediately replace the headlights without asking and then present you with the bill afterwards - Du Fresne's did not do that. One of their mechanics (Marco, I believe?) kindly came out and talked me through my options (even presenting price points) and let me decide on the most affordable course of action for me first. It was fantastic, and something I've never had before. Customer service was

super friendly and kind from the super cool office/barista gals to the mechanic. I'll definitely be coming back!

Excellent customer service, prices, and work performed on the vehicle. It's a family owned business, and you can absolutely tell that they care about their customers. I brought in a used pickup I had purchased to get some general maintenance. They performed all requested work very quickly and at very reasonable prices, and worked with me every step of the way. I'll absolutely be back and recommend them to all friends who need a mechanic.

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

February Is National Spay/Neutar Month

Smokey & Bella~Nancy Scheewe's Fur Babies

Each year, more than 6 million dogs and cats wind up in animal shelters in the U.S. and approximately half of them must be euthanized because there aren't enough good homes for them. The single most important thing that we can do to save cats and dogs from the suffering and death caused by overpopulation is to get our animal companions spayed/ neutered. Every February on the last Tuesday of the month, World Spay Day celebrates the importance of animal birth control and encourages all guardians of dogs and cats to have them spayed or neutered. In honor of World Spay Day and throughout all of February, which is National Spay/Neuter Awareness Month, [PETA](#) have rounded up some of their favorite celebrity campaigns promoting animal birth control. Check out [which stars](#) have spoken up to spread this important message.
