## *Movie Magic Fun Fact*

Movie magic at its finest! According to the CBBC program called Cinemaniacs and confirmed by foley artist John Roesch, the squishy waddling sound that was made when E.T. took a step was actually created by putting jello inside a wet t-shirt and then squishing it.

Who knew sound effects could be so creative and goooey?

## *WOW...What A Testimony!*

**Jeff & Nancy Sharff:** "Quick efficient service with totally enjoyable people! Got me right in and fixed my headlight. I highly recommend them!"

**Maura Sullivan Hill:** "I recently moved to town and needed my car looked at after it wouldn't communicate during the DEQ emissions test. Preston was friendly, thorough, and patient - he explained what needed to be repaired and got it done same day. It is always hard to find a trustworthy mechanic in a new place, but I think I hit the jackpot on the first try here. It is also a huge

perk that they give you a loaner car free of charge! You are able to go about your usual day while your car is getting worked on. Will definitely be back for the next service on my car. Thank you to the helpful team at Du Fresne!"

**Paul Salzinger:** "Thanks for all the car care over the years, love the service."

**Kirk Hansen:** "Great as always. Preston looked for ways to save me money. My discount card helped. I love the 4 oil change package. That alone is worth it, not to mention the savings I've gotten from it in

the last year. Mike was great in the shop as well! Nancy gave me a ride home. I can't imagine taking my cars anywhere else!"

**Milan Velimirovic:** "Good service. Besides oil change they checked everything else and gave me an honest report. Will definitely come back again."

**Jim LaBianco:** "I have NEVER been taken care of better than you guys took care of me. Fantastic service, friendly staff, no BS and fair prices. First time i didn't feel ripped off on automotive repair. Could not have been more satisfied. Customer for life. Thank you !!!"

## *Rock N' Roll & Automobiles*

Two art forms...rock n' roll and cars that merged together during the new found freedom of the 1950's teenager. With the new music hitting the scene and cheap used cars that followed the post-war production boom, for the first time, young adults could enjoy their own persona where loud music and friends cruising quickly became the norm.

Ever since the song *Rocket 88* hit the airwaves, cars and freedom remained a common theme in everything from doo-wop to hip hop.

From music hits like Chuck Berry's break-out single *Maybellene*, The Beatles *Drive My Car*, The Beach Boys *Fun, Fun, Fun*, Willie Nelson's *On The Road Again*, Sammy Hagar's *I Can't Drive 55*, Prince's *Little Red Corvette*, and Miranda Lambert's *Fastest Girl In Town* to fast car movies like *Gone in 60 Seconds*, *Getaway*, *Redline*, *Superfast*, *Torque*, *Street Racer*, *Cannonball* and of course the *Fast and Furious* mega hits; there's something about getting behind the wheel of a big-block muscle machine, lining them up on boulevards, or drag racing them through the night.

Pop culture is one big circle rotating on an infinite axis that could very well swing back around to where it all began. Who knows what the future holds but one thing is for certain...music and cars go hand-in-hand.

## ***Baby BLT***

Guests, adults and kids alike will thoroughly enjoy these tasty little devils of goodness.

### Ingredients

1 pound bacon, cooked and crumbled

1/2 cup mayonnaise or 1/4 mayo with 1/4 sour cream

1/4 green onions, chopped

2 Tbsps fresh parsley, chopped

24 cherry tomatoes

A dash of your favorite seasonings (i.e. garlic, onion powder, paprika, etc.)

### Directions

1. Place bacon in a large, deep skillet. Cook over medium high heat for 6 to 8 minutes, or until evenly brown. Once cooled, crumble and set aside.
2. In a bowl, stir together the mayonnaise, bacon, green onions, and parsley until well blended. Set aside.
3. Cut a small slice from the top of each tomato. Using a melon baller or small spoon, scoop out the inside of each tomato and discard. Cut a bit off the bottom so the tomatoes will stand on a plate. Fill each tomato with the bacon mixture, and refrigerate for 1 hour. Serve chilled.

Quick Tip: Use aluminum foil to keep food moist, cook evenly and make clean up easier.

## Let The Excitement Commence

You've purchased every item on the teacher-issued classroom list but you want to make them "happy" to kiss summer goodbye and hit the books. Here's a quick list of ideas that can really make them smile and get excited about returning to the classroom.

1. **Cartoon Starter Backpack:** When kids pick out their perfect backpack with a fun design, it empowers them and helps them feel part of the process.
2. **Tangle Jr.:** These are wonderful toys to play with on trips on the school bus. It's a great way for them to relieve tension, improve cognitive ability and be ready for what lies ahead.
3. **Bento Box Container:** There's nothing more wasteful than packing a child's lunch. Between plastic sandwich bags and preservative-laden single serving snacks are a drain on the budget. The Bento Box helps you opt out of those problems, helps sandwiches stay fresh and helps you save money by purchasing sides like crackers and fresh fruit in bulk quantities.
4. **Hand Sanitizer:** One of the hottest backpack accessory for 5 years running. There are many wonderful options that are budget-friendly, kid-friendly and kills germs too.

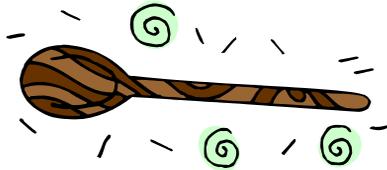

Make it a  
**September**  
TO REMEMBER
