Thank You For The Kind Words

These folks are great. They are warm and welcoming, their shop is cozy, and they have earned my trust and the trust of my family. Looking for a trustworthy and reliable shop? You've found it. They are our family's go to mechanic for car maintenance.

Steve Karakas 10/09/2025

After years of servicing my Toyota FJ at a dealership I asked DuFresne's to sanity check a laundry list of "needed repairs" cited by the dealership. Of five items that would have totaled \$10K, DuFresnes said I only needed one of the items repaired. I saved over \$9K. I've shared that story with

many people. They have now become my auto service company of choice. Follow up visits have reinforced my decision. They have provided a product you can't sell, you can only earn it. The product? Trust.

Im a first time customer, and now a life-time customer. Du Fresne's "Marco" sorted a minor brake squeal I had. Diagnosis was straight forward and affordable. No upselling, just straight to the point and sensible approach to the issue. The loaner vehicle provided also made dropping the car off, so they could take the time, super easy. Ill definitely be returning for all my cars needs.

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

"We had a fight. She's making me sleep on the shelf tonight."

Ugly Sweater Day got its start with a few individuals and events in the early 2000s. The

modern trend is often attributed to two main origins: Vancouver, Canada,

where students Chris Boyd and Jordan Birch threw the first “ugly Christmas sweater party” in 2002, and Kalamazoo, Michigan, where a group of university alumni held a similar party that same year, according to CNN. From there, the idea grew in popularity, fueled by the internet, social media, and even designer fashion, eventually leading to a globally recognized tradition and an official National Ugly Christmas Sweater Day on the third Friday of December.

The city of Portland, Oregon is located at the confluence of the Willamette and Columbia rivers. No wonder that there are quite a lot of boat owners in the city many of whom are members of the Portland Yacht Club. Every year, many local boat owners participate in the traditional **Christmas Ship Parade** that kicks off the holiday season in Portland. The parade lasts for two weeks, attracting thousands of spectators, locals and tourists alike. Portland's Christmas Ship Parade was founded **in 1954**. The first parade featured one lone sailboat from the Portland Yacht Club. The boat was decorated with bows of green with some ribbon, it paraded on the Willamette and Columbia Rivers, bringing holiday cheer. Despite the rather modest scale of the first parade, it was decided to make it an annual event. The parade has grown over the years, becoming one of the most anticipated events in Portland. Today, it features about 55 to 60 boats every year. The Christmas Ship Parade **lasts over two weeks**. The ships parade every day except Mondays on both Portland's rivers, each river has its own parade schedule. Regardless of the weather, thousands of spectators line the banks of the Willamette and Columbia rivers to watch the parade. There are no tickets required to view the parade, you can just come to either of the rivers and enjoy the show. The Portland Christmas Ship Parade is an **all-volunteer event**. All boat captains are free to join, there is no membership fee. Each boat owner designs and builds their unique Christmas display. Some displays can be seen each year, but new boats join the parade each year, bringing new lighted displays. Most boats make it out every night, although the schedule is flexible and each boat owner is free to choose their parade nights.
