## Halina Brant-Zawadzki

I will never bring my vehicles anywhere else but DuFresne's. As a single mom with 2 teenage sons, I have had more than my share of negative experiences at other shops. From day one, Preston treated me with kindness and respect. Any time I have an issue with one of my cars, he always goes above and beyond to make sure that we are cared for. As a nurse, Preston appreciates how much safety and clear communication are priorities for me. He is honest, trustworthy, and knows how to explain complex scenarios to someone who is not a mechanic. DuFresne's has my business and loyalty for life. Thank you, Preston! :)

A wonderful DuFresne's Auto Service flyer found its nest in my mailbox! After personal-

ly scouting around for months to find the auto services I was looking for, I followed the flyer to DuFresne's; a pot-of-gold!! Friendly, knowledgeable, AVAILABLE, neighborly staff, and close by for me. Best estimate for transmission flush/filter/gasket/fluid and I was given a loaner car for a day while my car was serviced. Their inspections of brakes, tires, lites discovered some needed attention I hadn't thought about. YOU need to discover DuFresne's Auto Service!

Easy to schedule an appointment online, they got me in quickly, great communication, nice family feel, plus they had a loaner car available! Couldn't be happier with my experience, dealing with an emergency repair.

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.
