PORTLAND FILM FESTIVAL

From October 12th to 22nd, Portland won't just be the city of roses—it'll be the city of film. All for the love of film, our weeklong event is jam-packed with networking, workshops, guest speakers, film premieres, financing talks, director Q&As and more. There's a reason Portland is different. Come be a part of what MovieMaker Magazine calls, "one of the coolest film festivals in the world."

Thank You For The Kind Words

I could not be happier with the service I received on my 2019 Mercedes C300 from DuFresne's Auto Service. Not only did they do a superlative job, but it came in UNDER budget!! I mean, who does that?? Oh, and I was even given a loaner car so that I could get on with my day!! These are people of integrity and wouldn't hesitate to use them again- you should as well.

Jeffrey Huffman Had a great experience at DuFresne's. Was able to easily book an appointment, the technician called me to let me know what needed to be done and how much, and was finished way earlier than expected. I've usually always gone to the Mazda dealership for regularly scheduled maintenance, but will be coming back here now. A+++++

My late dad used Dufresnes which made me start using them..I was impressed at how nice they were to him! Always great & friendly service! It's so nice to have a repair shop close by, within walking distance! Marco has provided excellent service to my car.. goes out of his way to ensure it is working properly...very appreciated! All the staff is friendly to the customers!

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

Air & Cabin Air Filter Special

Your cabin air filter is vital in keeping the air in your vehicle fresh. But when it inevitably becomes gunked up with dirt, debris, and other contaminants, the air in your car might not feel or smell so fresh. And a musty smell inside your car isn't the only potential problem that may arise from an old cabin air filter. There are a couple of crucial reasons you need to make a cabin air filter replacement one of your top car-care maintenance priorities! Here's what happens if your cabin air filter is dirty and what you should do about it.

Why A Cabin Air Filter Is Important

Paying attention to what's going on inside the cabin is essential. Is the heater working well? How about the A/C? Is the driving experience comfortable or a little smelly and stuffy?

If you're dealing with the smelly and stuffy scenario, it's time to check your vehicle's cabin air filter. The cabin air filter is somewhat of an unsung hero in the automobile world. It juggles a lot of responsibilities, including:

- Helping clear the air inside the cabin of bacteria, dust, and other pollutants.
- Helping eliminate odors within the vehicle's HVAC system.
- Helping ensure adequate airflow for defrosting and defogging — because poor visibility through your car windows can create serious driving issues.

If you've never changed the cabin air filter in your vehicle, you may notice one or more of these symptoms.

Ape Caves -Open thru Oct 31st

Explore a chilly, pitch-black lava tube over two miles long. A short, paved, accessible trail beneath towering trees leads to a stairwell into the cave. The $\frac{3}{4}$ mile, one-way lower cave route is relatively easy and family friendly. For the more adventurous, the 1.5 mile upper cave route leads to a climb up an eight foot rock wall and scramble over rock piles, then an exit and a 1.5 mile above ground hike back to the parking lot. Ape Cave is the third longest lava tube (2.5 miles long) in North America and cave temperature is 42 degrees F/5.6 degrees C year-round. Make sure to bring two sources of light per person (a cell phone light is not bright enough), sturdy shoes, warm clothing, even in warm weather. In summer, Ape Headquarters, a small information station, offers lantern rentals, information and sales items to ticket holders. Help protect Ape Cave. Please do not touch cave walls or ceiling. Touching kills cave slime, a basis for the food chain of tiny creatures that live there. Help protect our bats and caves from White Nose Syndrome. Practice Leave No Trace principles by packing out all that you bring with you. **Reservation System:** Timed reservations are required to visit Ape Cave during the open season: May 18 Cave through October 31. October 1st 12:00 PM to 4:00 PM

Celebrate the fall with a day full of pampering and dog-friendly activities at the annual Dogtoberfest – Portland’s pet-friendliest Oktoberfest party and biggest dog wash. Enjoy music, food, beer—including a special brew made just for DoveLewis—and pet-loving vendors, all while your pup receives a wash and nail trim. Donations and proceeds from the event go toward our Blood Bank, which provides dogs and cats with more than 700 lifesaving blood transfusions each year. Bring a Toy to Support our Superheroes. Each canine blood donor receives a toy after their donation, which makes them excited for each visit. The Blood Bank is always in need of new toys and doggie accessories (blankets, food bowls, etc.).
