### President Vows to Exact Punishment for 'Evil'

By SERGE SCHUMANN

Hijackers rammed jetliners into each of New York's World Trade Center towers yesterday, toppling both in a hellish storm of ash, glass, smoke and leaping victims, while a third jetliner crashed into the Pentagon in Virginia. There was no official count, but President Bush said thousands had perished, and in the immediate aftermath the calamity was already being ranked the worst and most audacious terror attack in American history.

The attacks seemed carefully coordinated. The hijacked planes were all en route to California, and therefore gorged with fuel, and their departures were spaced within an hour and 40 minutes. The first, American Airlines Flight 11, a Boeing 767 out of Boston for Los Angeles, crashed into the north tower at 8:48 a.m. Eighteen minutes later, United Airlines Flight 175, also headed from Boston to Los Angeles, plowed into the south tower.

Then an American Airlines Boeing 757, left Washington's Dulles International Airport bound for Los Angeles, but instead hit the western part of the Pentagon, the military headquarters where 24,000 people work, at 9:40 a.m. Finally, United Airlines Flight 93, a Boeing 757 flying from Newark to San Francisco, crashed near Pittsburgh, raising the possibility that its hijackers had failed in whatever their mission was.

There were indications that the hijackers on at least two of the planes were armed with knives. Attorney General John Ashcroft told reporters in the evening that the suspects on Flight 11 were armed that way. And Barbara Olson, a television commentator who was traveling on American Flight 77, managed to reach her husband, Solicitor General Theodore Olson, by cell phone and to tell him that hijackers were armed with knives and a box cutter.

In all, 266 people perished in the four planes and several score more were known dead elsewhere. Numerous firefighters, police officers and other rescue workers who responded to the initial disaster in Lower Manhattan were killed or injured when the buildings collapsed. Hundreds were treated for cuts, broken bones, burns and smoke inhalation.

But the real carnage was concealed for now by the twisted, smoking, ash-choked carcasses of the twin towers, in which thousands of people used to work on a weekday. The collapse of the towers caused another World Trade Center building to fall 7 hours later, and several

### Awaiting the Aftershocks

### Washington and Nation Plunge Into Fight With Enemy Hard to Identify and Punish

By R.W. APPLE Jr.

WASHINGTON, Sept. 11 — Today's devastating and astoundingly well-coordinated attacks on the World Trade Center towers in New York, and on the Pentagon outside of Washington, plunged the nation into a warlike struggle against an enemy that will be hard to identify and hard to punish with precision.

The whole nation — to a degree the whole world — shook as hijacked airliners plunged into buildings that symbolize the financial and military might of the United States. The sense of security and self-confidence that Americans take in their twilight suffered a grievous blow, from which recovery will be slow. The aftershocks will be nearly as bad, as hundreds and possibly thousands of people discover that friends or relatives died awhile, they die.

Scenes of chaos and destruction coalesce of the nightmare world of Hieronymus Bosch, with smoke and debris hitting out the sun, were carried by television into homes and workplaces across the nation. Echoing Franklin D. Roosevelt's description of the attack on Pearl Harbor as an event "which will live in infamy," Gov. George E. Pataki of New York, a Republican, spoke of "an incredible outrage" and Senator Charles E. Schumer of New York, a Democrat, spoke of "a disaster attack."

Investigators are racing to identify the hijackers, and to determine how they were trained. They are also trying to determine how the hijackers were able to board the planes. Officials are also trying to determine how the hijackers were able to board the planes. Officials are also trying to determine how the hijackers were able to board the planes.

For the **25th anniversary of 9/11**, Portland, Oregon, features massive volunteer events, community meal packs, and traditional local ceremonies to honor the milestone.

### Here are a few events in the Portland Area

**Station Front Tributes:** At 6:59 AM and 7:28 AM, firefighters at every station across Portland roll their apparatus onto the aprons and stand at attention facing east to observe a moment of silence

**Remembrance Stair Climb Challenge:** First responders and gym members across the region climb 110 flights of stairs to honor the 110 floors of the World Trade Center

**9/11 Day Meal Pack at Portland Expo Center:** Organized by 9/11 Day in Hall E1, thousands of volunteers assemble to pack millions of meals for regional food banks in a massive expression of unity. Advance registration is required.

## Thank You For The Kind Words

### Herman Harden 07/01/2026

Always treated like family. great service ALWAYS. THANK YOU FOR TAKING CARE OF MY CAR!!!!

### Pancakeman 07/08/2026

After being told by a couple of auto repair shops that they don't work on old vehicles I was happy to hear that Du Fresne's would agree to work on my 95' Chevy Silverado truck's ongoing coolant leak issue. Marco found the coolant leak location and was able to successfully replace the notoriously difficult intake manifold rear quick connect fitting for the heater hose. I was satisfied that the repair was done in a reasonable amount of time at a fair price.

### Gregory Dourian 07/24/2026

I recently purchased a 2013 GMC Yukon, XL for my stepson and daughter-in-law, And knew that there was an issue with the motor mounts being bad. Since I always take my cars for maintenance to do frames, this was a no-brainer to Use them for the repair. What truly impressed me (But did not surprise me) Is that Preston suggested? I wait a few days so that he could not only order the Factory parts, but could do so for less money if I waited. Let that sink in for a minute... A repair facility looking to give me the most fair deal they could! Just another reason why I will always use Duras for my maintenance and repair needs for all of my vehicles. By the way, the repair was done in a half a days time, And the car Now performs as it should!

## Cranberry Sauce Chicken Breasts

### Ingredients

|                                       |                      |
|---------------------------------------|----------------------|
| 4 boneless , skinless chicken breasts | 1 tbs olive oil      |
| 1 can whole berry cranberry sauce     | 1/2 tsp black pepper |
| 1 packet onion soup mix               | 1 tbs Dijon mustard  |
|                                       | 3 tbs honey          |

### Preheat oven to 375 F

Chicken thighs can be substituted

Lightly grease 9x13 inch baking dish. Pat chicken dry. Place in baking dish. Drizzle with oil and sprinkle with pepper.

In a bowl, mix cranberry sauce, onion soup mix, Dijon mustard, and honey. Pour cranberry mixture evenly over chicken and cover loosely with foil . Bake 30 minutes. Remove foil and bake an additional 10-15 minutes until temp reaches 165 F. You can broil last few minutes to get a nice caramelized top.

### Slow cooker version

Prepare everything the same in the crock pot and cook for 5-6 hours on low or 3 hours on high. I like to put under the broiler at the end to get a nice caramelization on top.
