The American Society for the Prevention of Cruelty to Animals (ASPCA) sponsors and promotes Adopt a Shelter Dog Month every October, while the American Humane Society has celebrated a month-long October campaign encouraging the adoption of shelter dogs in 1981.

Thank You For The Kind Words

Jim Murphy

I'm new to the Portland area and chose Du Fresne's based on their high reviews. I'm glad I did. They performed a quick turn-around on my oil and filter service and did a "70 point" inspection with fluids topped off and vacuum of the interior. That kind of service will bring me back again. I also had them do an inspection of the front and rear brakes because a local tire store where I recently went to have a slow leak fixed also said they found problems with the brakes and presented me with an estimate of \$559.94 for repairs. I have had my brakes checked every 5000 miles so I felt that I was being misinformed and decided to get another opinion. Thankfully the mechanic at Du Fresne's found the brakes were fine. It pays to get a second opinion from people you can trust. Thanks

Anne Phillip

My truck is as good as new! Preston helped me understand the work that would be needed and explained everything to me. After the repairs, my truck was noticeably more responsive and in better shape. And the A/C worked just in time for our second heat wave of the summer. I would highly recommend that you take your vehicle to Du Fresne's because they are straightforward, explain what needs to be done, and do a high quality job. Thanks very much!

Columbus Day 2021

Columbus Day is a U.S. holiday that commemorates the landing of Christopher Columbus in the Americas in 1492, and Columbus Day 2021 occurs

on Monday, October 11. It was unofficially celebrated in a number of cities and states as early as the 18th century, but did not become a federal holiday until 1937. For many, the holiday is a way of both honoring Columbus' achievements and celebrating Italian-American heritage. But throughout its history, Columbus Day and the man who inspired it have generated controversy, and many alternatives to the holiday have proposed since the 1970s including **Indigenous Peoples' Day**, now celebrated in several U.S. states.

The Great Pumpkin Special

We've put together one GREAT Special to celebrate October!!!

Check it out...~All of this Included~

- ♦ Lube, Oil & Filter Change –Most Cars– 5 Quarts
- ♦ Complete Brake Inspection

How to solve Sudoku puzzles

No math is required to solve a Sudoku. You only need logic and patience. Simply make sure that each 3x3 square region has only one instance of the numbers 1-9. Similarly, each number can only appear once in a column or row in the larger grid. The difficulty on this puzzle is easy.

1. Make 4 Hamburger Patties. Brown patties on both sides in a large fry pan. Drain excess grease.
2. Mix gravy ingredients in a mixing bowl. Pore over patties.
3. Cover and let simmer for 15-20 minutes.

Serve over noodles , rice or mashed potatoes.

This recipe is easy to make into low carb.
Switch the following ingredients.

Panko Bread Crumbs to Crushed Pork Rinds.

Ketchup to no sugar added Ketchup.

Corn Starch to Xanthan Gum

Trunk or Treat

Trunk-or-treat! Car-stume fleet! Give us something good to eat! Have you ever heard of the Cars.com Car-stume Crew. Every Halloween they get creative to see what Car-stume they can come up with while bringing a little automotive amusement in the process. In 2016, since Cars.com's home city is Chicago and the Cubs were in the World Series, they dressed up a 2016 Volvo CX90 as the Cubs Manager, Joe Maddon. It was a little simpler than there subsequent years but it was a hit. Using identifiable thick-rimmed eyeglasses, Cubs ball cap and the Cubbies logo, it was a spectacle when they drove it to Wrigley Field to shoot photos with the Cubs Fans. And the crowd went wild, to say the least. With the bar being set, they needed to look into making a splash the following year. In 2017, they dressed up a 2017 Chrysler Pacifica as Joker. It just so happened that in 2017, the creepy clown walked around residential neighborhoods at night in full bozo regalia, scaring children. The phenomenon happened to coincide with the massive success of the big-screen version of Stephen King's "It", famously featuring Pennywise the killer clown. Combined with Heath Ledger's iconic Joker from "The Dark Knight", filmed on the streets of downtown Chicago, they new they had the perfect character for their annual Car-stume. With 2018 being the 200th anniversary of Shelley's classic horror novel "Frankenstein", they knew they had their theme. Taking a 2018 Volkswagen Atlas, along with various vinyl wraps, Styrofoam, cardboard and pop cans, they transformed the vehicle into a very recognizable Frankenstein Monster. A huge win for the Car-stume crew. Each year for Hallow's Eve, they dress up their long-term test car for trunk-or-treat car-stume tailored to a trend or relevant topic of the year. You never know what wicked, thrilling or classically cool costume monster hit they will come up with. Hopefully we have inspired you to dress your ride and have some fun this Halloween. If you take the challenge, make sure to swing by so we can see what dastardly, creepy car-stumes you've created. Have a safe & thrilling Halloween!

Time to plant spring-flowering bulbs

Do you always admire spring-blooming flowers in your neighbors' gardens? If you want to see a profusion of blooms in your own yard next year, the work starts in the fall.

Late October and early November are the best times to plant spring-flowering bulbs. Here's how to do it.

First, select a site that has good soil and good drainage so bulbs will continue to flower year after year.

For tulip, daffodil and hyacinth bulbs, prepare the soil 8 inches deep or more. Plant them six inches deep, measured from the bottom of the bulb, and six inches apart.

For small bulbs such as crocus, glory-of-the-snow and grape hyacinth, prepare the soil six inches deep. Plant bulbs three inches deep and three inches apart.

Lastly, broadcast a tablespoon per square foot of 12-12-12 or 13-13-13 analysis fertilizer and water well. When the ground freezes, mulch with two inches of fine mulch or straw.
