We have been using Dufresne's for the past 3 years since moving to Bethany area. This time around, it was for an oil change and general upkeep. The service was fantastic, as usual. I was also advised on upcoming repairs that I will have to look at in the near future. Overall, great job!

The History Of Black Friday

When Macy's launched its first holiday parade in 1924 it wasn't just pageantry. It was a signal flare for the retail world, capped by Santa Claus waving in the official countdown to Christmas. Three decades later, Black Friday sparked our nation's collective obsession with holiday deal-hunting.

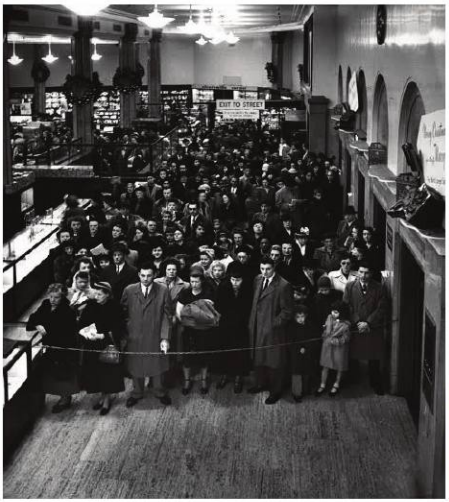

The Philadelphia Police Term (1950s)

- **The chaos:** In the 1950s, Philadelphia police used "Black Friday" to describe the severe traffic and crowds the day after Thanksgiving. **The Army-Navy game:** The annual football game on Saturday brought huge crowds into the city on Friday, forcing police to work long shifts without breaks.

- **The failed rebrand:** Merchants tried to change the name to "Big Friday" in 1961 to sound better, but the original name stayed local to the city. **The Modern Rebrand (1980s)**

- **The profit story:** Retailers in the late 1980s popularized a new meaning: the day stores go from being "in the red" (losing money) to "in the black" (making a profit). **National spread:** This positive marketing turned Black Friday into a nationwide shopping tradition and the busiest retail day in the U.S

- **The golden age of Black Friday:** By the 1990s and early 2000s, the spectacle of Black Friday had reached new heights. Large crowds camped outside stores, bundled in blankets and clutching thermoses of coffee, waiting for their shot at a Tickle Me Elmo, Furby or Super Nintendo.

- **The Shift from Event to Season:** Black Friday as a single-day physical shopping frenzy has effectively ended, replaced by a month-long digital promotional season known as **"Black November".**

Cyber Monday becomes the biggest online shopping day with the internet online shopping.
